

# METAL EARTH™

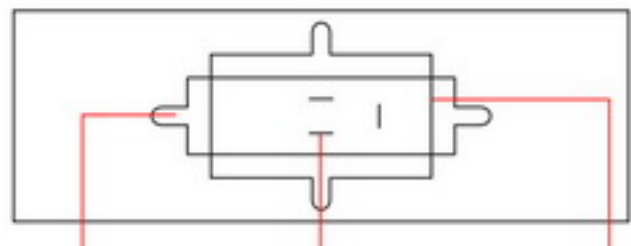

## 3D LASER CUT MODELS

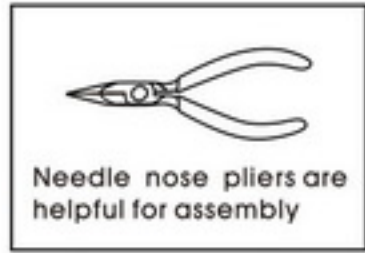

It is highly recommended that you visit [www.fascinations.com/metalearth360/mms310](http://www.fascinations.com/metalearth360/mms310) to see the completed model before assembling your own

mms310

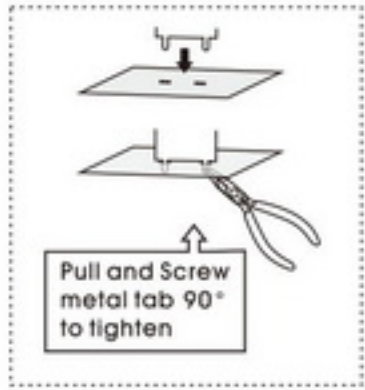

Insertion tabs are inserted and then folded  
Insertion holes  
Fold lines can be seen as shown here

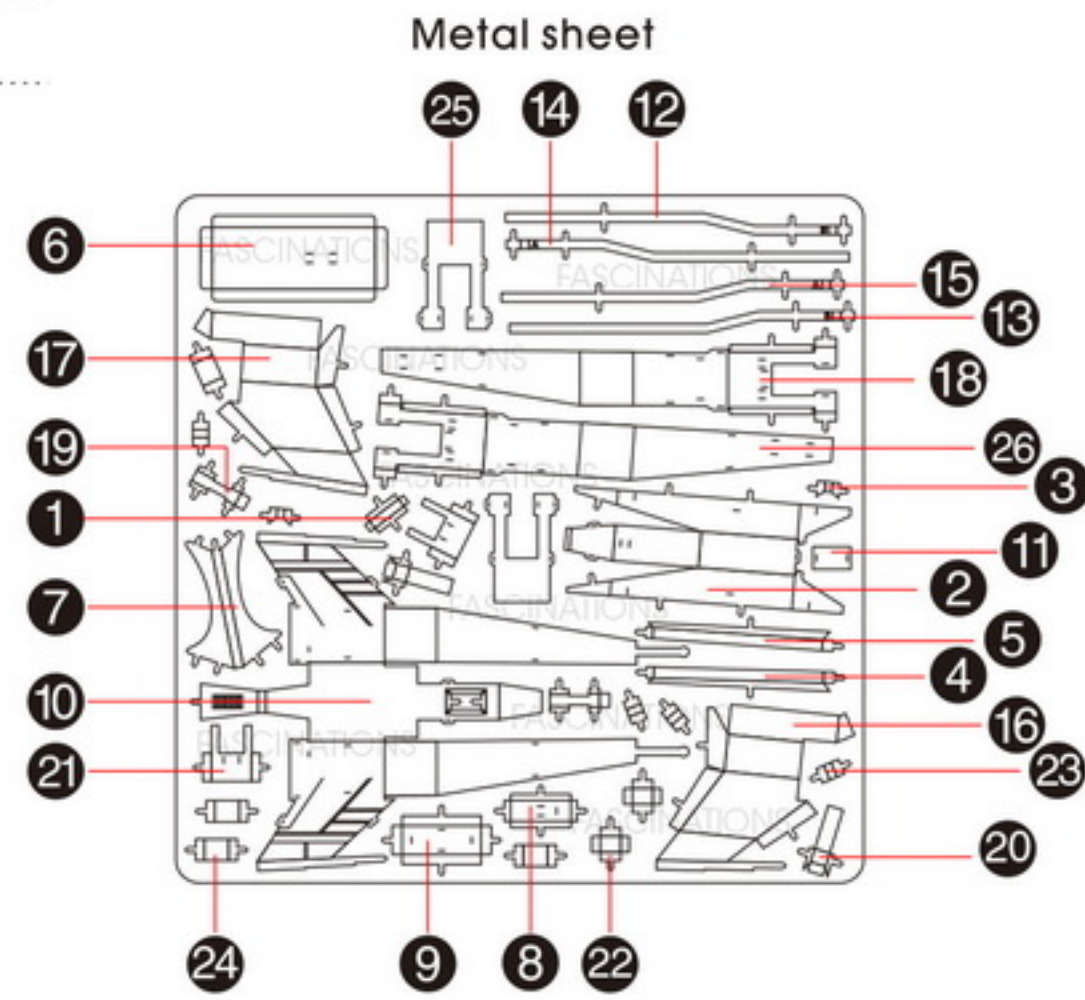

### To create the best connections

Insert tab and bend 90 degrees for most visible areas

Insert tab and twist 90 degrees is best in some areas to ensure a tight connection

In order to avoid possible injury from sharp edges, please carefully discard the metal sheet after parts have been removed
